Automatic Water Shut-off Valve 2.0

Application

The LeakSmart® Shut-Off Valve connects directly to the main water supply with the patented, motorized, solid brass valve with a stainless steel stem and chrome ball that automatically shuts off the water in less than 5 seconds in the event of a leak.

Features

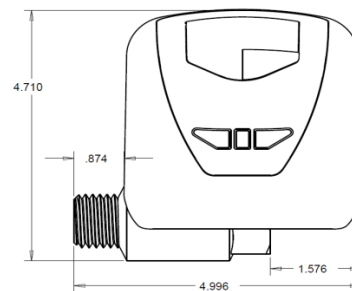

- Full port valves
- Quick connect wiring
- AC power with battery back-up
- 3 LED status lights
- Automatic 30-day cleaning cycle
- 5-year manufacturer's warranty

Product Specifications

- Max. operating pressure: 150 PSI
- Max. shut off pressure: 125 PSI
- Max. ambient temperature: 135° F
- Min. water temperature: 33° F
- Max. water temperature: 190° F
- Valve connection type: NPT
- Battery size: AA (included)
- 18' power adapter cord
- Size: Size 4.25" x 4.50" x 3.50

Materials

- Control panel: High performance engineered polymer
- Actuator: High performance engineered polymer
- Valve: Lead free brass
