

## Colorado Fir Collection

Spruce up your doorstep this holiday season with the timeless appeal of the Colorado Fir Collection from Fraser Hill Farm. With the Colorado Fir Collection, you can spend less time and money replacing natural garland, trees, and wreaths every year. Instead, invest in one of our premium artificial designs that will provide decades of reuse.

Each item features luscious green foliage, drizzled in warm LED lighting, and are made with quality, maintenance-free materials that last season after season. The branches display multiple shades of green PVC needles that will instantly add a pop of color to any frosty scene.

Our 6-foot potted tree set is perfect for framing doorways, fireplaces, and staircases. The slim tree shape requires little space and instantly catches your eye with its warm LED lighting and chic, rustic charm. Add a little more holiday glow to the scene by adding the coordinating 9-foot garland and/or 24-inch wreath into the mix. Both of these models are designed with battery-operated LED lights and can be placed wherever you like. Simply unbox, fluff the branches, and enjoy the beauty and long-term benefits that come from owning an artificial design from Fraser Hill Farm.
