

P106CR

Glass Vessel Sink

The P106CR glass vessel sink is manufactured using fully tempered glass. This allows for higher temperatures to come in contact with your sink without any damage. Glass is more sanitary than other materials because it is non-porous, will not absorb stains or odors and is easy to clean. This classic bowl-shaped vessel is made with clear glass which blends into any decor. A matching glass waterfall faucet is available to correspond with this sink. The overall dimensions for the P106CR are 16 1/2" x 16 1/2" x 5 3/4" and an 18" minimum cabinet size is required. As always, our glass sinks are covered under a limited lifetime warranty for as long as you own the sink.
