

P209

Equal Double Bowl Copper Sink

The P209 equal double bowl undermount sink is made from 99% pure-mined copper. It is comprised using one piece construction, giving you a very strong and durable copper sink. Since copper is naturally anti-bacterial and stain resistant, it is great for busy households that benefit from low-maintenance materials. The hammered finish looks great and provides a mask for small scratches that may appear over time. The overall dimensions of the P209 are 33" x 22" x 9" and a 33" minimum cabinet size is required. The sink contains a centered 3 1/2" drain opening and copper strainers and flanges are available. The hand-crafted copper details are sure to add warmth and richness to any decor.
