

P504

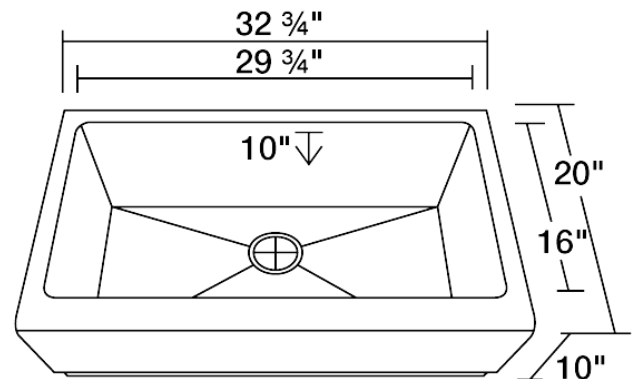

Single Bowl Stainless Steel Apron Sink

Apron style sinks, especially stainless steel, are becoming a popular choice for today's kitchens. The P504 features a large single-bowl design. The overall dimensions of the P504 are 32 3/4" x 20" x 10". Our stainless steel apron sinks are constructed from high-quality, 16-gauge, 304 steel - 25% thicker than standard 18-gauge. Most models are made of one-piece construction which ensures the sturdiest kitchen sink available. The P504 is guaranteed not to rust or stain, is fully insulated, and has a sound dampening pad. All of our stainless steel sinks are backed by a limited lifetime warranty and come with a cardboard cutout template and mounting hardware.
